# MUSTANG6 Event 2017: Facts & figures

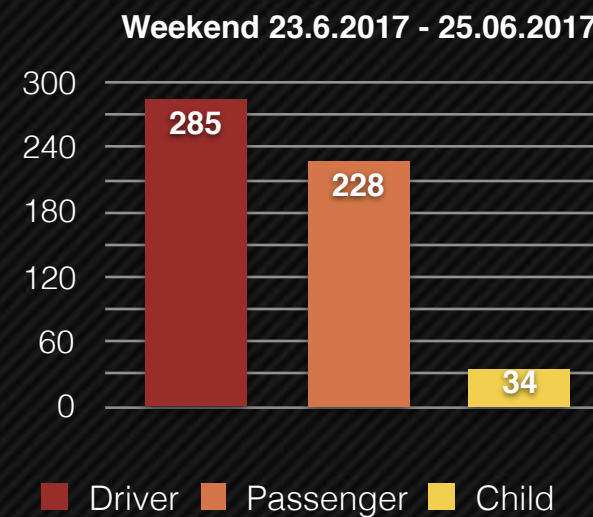

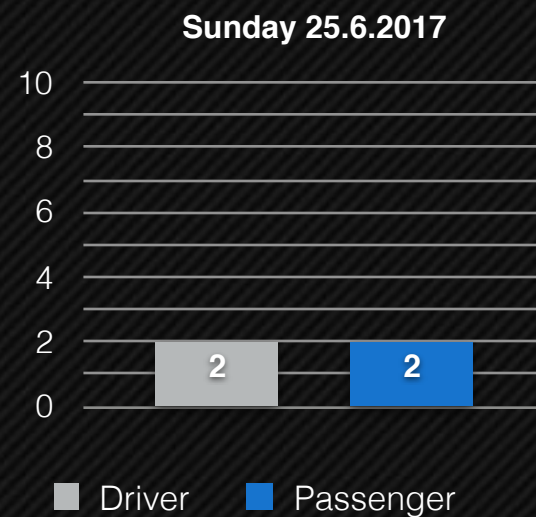

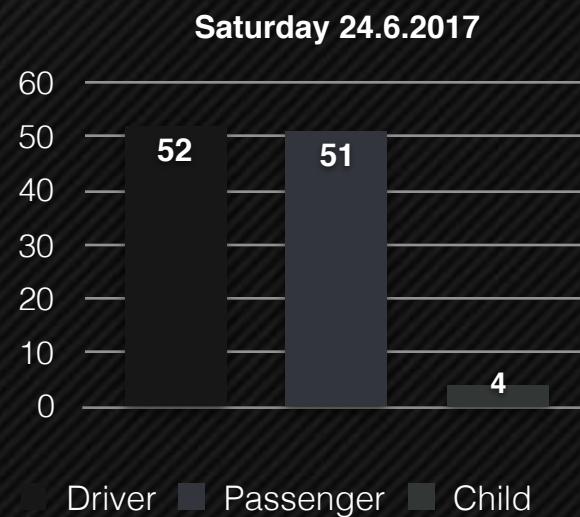

Last updated: 05.03.2017

## Participating:

## Overview ticket sales:

# Event site & visitor information:

## Event Site:

-  **Exhibitor area**
-  **Event site**
-  **Entrance / Exit**

## Visitor Information:

Camping is possible at the event site without additional charges. (Note that you have to buy an event ticket via our shop). There is no power supply available.

The event site surface is a field / grassland.

Access to the event site is granted to Ford Mustangs as well as other US cars. All other vehicles park at the visitor parking. Visitors coming with a mobile home for camping access the event site & will be designated to their own area.

Vehicles can access the site from Friday 23.6.2017 15:00 CET onwards. The event ends at Sunday 25.6.2017, 15:00 CET officially, which is when Security will also leave the premises.

### Please note:

The fields will be prepared just like the airstrip next to it: the surface will be tightened and rolled, to prepare it for the cars to enter.

In worst case scenarios of extreme bad weather, for example heavy rains, we will activate a fallback plan together with Pullman City.

### Directions by car:

The Western town Pullman City Harz is close to the town of Hasselfelde, Germany:

Westernstadt Pullman City Harz  
Am Rosentale 1 · 38899 Hasselfelde

### Directions by public transportation:

From the north: Approach towards Station Wenigerode. From there bus line 265 will bring you to Pullman City. (Weekdays hourly, weekends every two hours). Destination is bus stop Pullman City II.

From the south: Station Berga-Kelbra. From here, Saturday and Sunday bus 450 takes you to Pullman City every second hour.
